

# Woodland Lake January News

**WOODLAND LAKE**  
ASSOCIATION

## Snow Reminders

We are expecting to get our first major snow fall of the year. Woodland Lake contracts a private company to plow the streets after we have received 2 inches of snow. With the amount of snow they are calling for we expect the company to come through multiple times. Please be patient as they work the clear the streets.

**Keep The Streets Clear Of Parked Cars** when snow is possible. This not only allows the snowplow to clear the streets more efficiently but also lessens the possibility of your vehicle being hit by a car that is out of control.

**Clear The Sidewalk Of Snow** if you have a sidewalk on your property. It is your responsibility, not the responsibility of the Association or the city.

Help the postman by seeing that **Snow Is Cleared Away From Your Mailbox.**

**Snow Stakes** will not be put up by the association or the plowing company. Residents are responsible for furnishing and placing and removing stakes on their property if they wish to mark the edge of the street. If damage occurs the plowing company will repair in the spring.

If any issues arise please contact Allison at [accounting@woodlandlake.net](mailto:accounting@woodlandlake.net) or use the contact us feature on the website.

## **Welcome New Residents**

Please check your email. New Residents are not listed on the website for privacy. Thank you.
